

Letter of Recommendation

Paris, France, April 17th, 2020

To Whom it May Concern:

As Adjunct Professor in Economics at Schiller International University Campus Paris, I am writing with great pleasure to recommend Ms. Priscilla Muñoz Farida as an excellent applicant for a position of top-level responsibility.

Ms. Muñoz Farida took my class of Business Economics in January 2019. This was an advanced graduate course designed for MBA students, reviewing in-depth advanced tools in micro and macroeconomics analysis, as well as leading management theories, the whole with a hands-on approach using real-world case studies.

Ms. Muñoz Farida was one of the best students I had in class. I was impressed by her knowledge in quantitative analysis and her analytical skills in every activity and assessment during the course. She demonstrated a clear understanding of the challenges of our changing global society for the professionals, integrating the topics discussed in class strategically to situations that are frequent in the professional environment.

It is also worth to mention the level of confidence and diligence that Ms. Muñoz Farida demonstrated in my classes was extraordinary. She always participated actively in debates and discussions; her presentations in the classes were always excellent, her analysis and conclusions compelling, professional and concise when requested.

At the end, I would like to summarize Ms. Muñoz Farida as a promising professional that is confident, reliable and intelligent.

I recommend her without reservation for a position of top-level responsibility. A team player with high managerial and skills, Ms. Muñoz Farida is a valuable asset for IT and Consulting firms and/or organizations with a mission, identifying its goals and the challenges in our always changing and complex world.

Please do not hesitate to contact me for further details if necessary.

Dr. Juan-Lorenzo Estrada

Adjunct Professor in Economics
